It is simple to get internet
- the short guide...

Find the internet socket and connect your computer or router through an internet cable

Restart the computer, go to mit.bolignet-aarhus.dk and order internet

You will have internet within a few minutes

The more specific guide...

▶ Find the internet socket in your apartment.

▶ Connect your computer or router to the internet socket through an internet cable.

▶ Restart your computer.

▶ Open a web browser and type mit.bolignet-aarhus.dk* in the search bar.

▶ New customers must click the "Bestil her/Order here" button.

▶ Verify your address information.

▶ When the address information is correct, fill out the contact information.

▶ You can now choose the product(s), that you want to order.

▶ When you have chosen the product(s), you will be directed to "Min bestilling/My order".

▶ On this page, you choose the payment method for further method and click "Videre/futher". If "Automatisk kortbetaling/ Automatic card payment" is selected, you will have internet within a few minutes, after registered payment.

▶ Afterwards, you will see a confirmation of the order. If this is correct, please confirm by clicking "Bekræft bestilling/ Confirm order".

Your order is now completed, and you will receive an order confirmation from us.

Be attentive! If you are not transferred to mit.bolignet-aarhus.dk, please connect your computer directly to the internet socket through an internet cable.
